

New Horizons Ahead!

Author(s)

Jette Frydenlund Jorgensen

Head of sales and marketing

This week, in connection with our board meeting, we proudly released the Annual Report for Energy Risk Management. It's a perfect moment to reflect on the past year—and to look ahead with excitement.

We're continuing our growth journey, now working with clients and partners in more than 8 countries, spanning many different industries.

With our **new license from the Danish FSA**, this milestone unlocks a world of opportunities - new markets, new sectors, and new services.

We're ready to explore, expand, and evolve. Whether it's entering new geographies, innovating our offerings, or deepening client partnerships - **we're ready for the next adventure.**

Thank you to our dedicated team and trusted partners for being part of this journey!
